PROFESSIONAL SUMMARY

Aspiring Software Developer with a background in education, leadership, coaching, and problem-solving. Currently completing the HyperionDev Software Engineering Bootcamp, with Levels 1–3 completed and Level 4 undergoing final quality review.

Developed software projects using JavaScript, Python, Java, HTML, CSS, Git, and GitHub through structured software engineering training and personal portfolio projects. Passionate about building practical software solutions, continuously improving technical skills, and applying analytical thinking to real-world challenges.

Brings strong communication, planning, teamwork, leadership, and stakeholder management abilities developed through several years of teaching and mentoring. Seeking opportunities as a Graduate Software Developer, Junior Software Developer, Junior Full Stack Developer, or Software Engineering Intern.

TECHNICAL SKILLS

Programming Languages

- JavaScript
- Python
- Java
- SQL

Front-End Development

- HTML5
- CSS3
- Responsive Web Design
- DOM Manipulation
- Event Handling

Development Tools

- Git
- GitHub
- Visual Studio Code
- Eclipse

Software Development Concepts

- Object-Oriented Programming
- Problem Solving
- Debugging
- Version Control
- Software Development Lifecycle

Currently Learning

- Generative AI Applications
 - Advanced Software Development Concepts (HyperionDev Level 4)
-

SOFTWARE DEVELOPMENT PROJECTS

Garden Advice App

Technologies: HTML, CSS, JavaScript, Git, GitHub

GitHub:

<https://github.com/KyleL301/garden-advice-app>

Live Demo:

<https://kylel301.github.io/garden-advice-app/>

- Developed an interactive gardening advice web application using HTML, CSS, and JavaScript.
- Implemented DOM manipulation and event-driven functionality to generate dynamic user feedback.
- Refactored application logic using JavaScript objects to improve scalability and maintainability.
- Designed and deployed a responsive user interface using GitHub Pages.

- Managed source control and project documentation using Git and GitHub.
-

SOFTWARE DEVELOPMENT EDUCATION

HyperionDev Software Engineering Bootcamp

Levels 1–3 Completed

Level 4 Currently Undergoing Final Quality Review

Key Areas Covered

- JavaScript Development
 - Python Programming
 - Java Programming
 - HTML & CSS
 - Git & GitHub
 - Software Engineering Fundamentals
 - Problem Solving and Algorithmic Thinking
 - Object-Oriented Programming
-

PROFESSIONAL EXPERIENCE

De Vrije Zee Primary School

Grade 4 Teacher | January 2023 – Present

- Manage multiple responsibilities while delivering curriculum outcomes and maintaining high educational standards.
- Lead planning, assessment, and performance tracking activities requiring strong analytical and organisational skills.
- Communicate effectively with learners, parents, colleagues, and management teams.
- Mentor and support learners through structured problem-solving and critical thinking activities.
- Coordinate projects and collaborate with stakeholders to achieve educational objectives.

Substitute Teacher | February 2022 – December 2022

- Adapted quickly to changing classroom environments and responsibilities.

- Demonstrated flexibility, communication, and leadership skills in a fast-paced environment.

Educator Assistant | December 2021 – January 2022

- Assisted with administration, learner support, planning, and operational activities.

Downeville Primary School

Grade 5 Substitute Teacher | August 2021 – October 2021

- Managed curriculum delivery and learner performance monitoring.
-

ADDITIONAL EXPERIENCE

Zone Fitness

Personal Trainer (Part-Time) | 2015 – Present

- Design personalised fitness programmes based on individual goals and performance data.
 - Develop strong client relationships through communication, coaching, and accountability.
 - Analyse progress and adapt plans using performance metrics and feedback.
-

EDUCATION

HyperionDev Software Engineering Bootcamp

Levels 1–3 Completed

Level 4 Currently Undergoing Final Quality Review

Post Graduate Certificate in Education (PGCE)

University of South Africa

BA Sport, Recreation and Exercise Science

University of the Western Cape

CERTIFICATIONS

- HyperionDev Software Engineering Bootcamp Certificate (Levels 1–3)
- Generative AI Short Course (In Progress)
- Level 1 First Aid Certification
- CPR Certification

- Reader, Scribe & Transcriber Training
 - IRB Level 1 Rugby Coaching Certification
-
